YOUR NEW ON-BOARDING SOLUTION

The on-boarding experts

With over 25 years experience in regulatory and card-scheme management, BillPro are the industry leaders in integrated KYC and customer boarding systems. With an in-depth knowledge of the payments industry, we understand first hand the inadequacies of many existing on-boarding systems.

Our system is:

All-inclusive

This platform can manage every stage of the on-boarding process from application all the way through to live.

Efficient

Increased efficiency in the underwriting and compliance teams allows the business to focus on more profitable aspects.

Simple

At its core, this system is simple, intuitive and easy for staff and partners to use, guiding users through the process.

Bespoke

All aspects of the system can be tailored to suit any business and align with individual business processes.

Simplifying the entire on-boarding process

Our simple full-service platform can manage the entire application and on-boarding process, from start to finish.

Sales	KYC	Underwriting	Contracting

This system has been designed for PSP's, Payment Institutions, Acquirers and ISO's to enable them to run lean underwriting and compliance teams, allowing them to focus on the higher priority commercial and product arms of the business.

BILLPRO

More than just compliance

Sales CRM

Fully integrated Sales CRM, purpose built for the payments industry, application and sales partner tracking, white label sales-partner interfaces and more.

KYC Management

End-to-end KYC management, including WebShield reports, integrated credit checks, documentation validity checking and more.

Merchant Underwriting

Complete merchant underwriting management system with integrated review and risk scoring templates, compliance report generation and document management.

Contracting Management

Customisable contract generator allowing for fast issuance of merchant agreements, online signing and compliant document storage. Supports multiple templates.

Communication Management

Fully integrated ticketing and messaging system, allowing for internal work flow and external sales and partnership management in one.

Task Management

Complete user-based task management system with reminders, task allocation & output review features to ensure no missed applications and fast on-boarding.
